MAKEUP MIRROR WITH BUILT-IN LIGHTING IN CASE

A professional-grade makeup mirror built into a durable case, featuring integrated lighting and dual power outlets for optimal convenience and functionality.

SKU: 1000619.00 | **Categories:** Event Furniture Rentals, Standing & Makeup Mirrors

PRODUCT DESCRIPTION

The Makeup Mirror with Built-in Lighting in Case is the ultimate tool for professional and backstage makeup applications. Housed in a high-quality, durable case, this mirror combines functionality with portability. The generously sized mirror surface ensures excellent visibility, while the integrated lighting provides soft, even illumination for precise makeup application.

Designed for convenience, the case includes **dual power outlets (230V)** on the front, making it easy to connect additional devices like hair dryers or styling tools. Its sturdy construction and compact design make it ideal for on-the-go professionals, ensuring safe transport and quick setup at any location.

This mirror is perfect for dressing rooms, backstage areas, or artist lounges, offering the ideal balance of elegance and practicality for professional use.
