*Renting out equipment is the easiest part of what we do. MOJO® Rental brings added value through its international network of expertise in crowd control and event infrastructure.*

## WE ARE MOJO RENTAL.

Welcome to MOJO Rental - one of the world's leading supplier of event infrastructure and crowd management systems.

Whatever the scale, we have the knowledge, experience and resources to provide organizers with the best equipment and service. We excel at all types of events and locations, ranging from concerts and tours to sporting and corporate events; from festivals and public celebrations to political rallies and movie premieres.

MOJO Rental supplies an extensive range of high quality, safe barrier systems and related products. The music touring sector has always been at the core of our business activity, shaping the design of the MOJO Barrier systems to be fast, easy to install, break down and efficient to transport whilst remaining robust and modular.

# ABOUT MOJO® BARRIERS

*"If you're at a concert that's got a large crowd and a front of stage area that's likely to be busy and you're not met with proper MOJO barriers up there, I would suggest you find somewhere else to enjoy the concert from." (Source: [www.cuckoo.ie](http://www.cuckoo.ie))*

# KEEPING CROWDS SAFE SINCE 1988

MOJO® Barriers has been the leading global provider of stage barriers since 1988, working with some of the largest and most successful tours and events including U2, Metallica, Madonna, The Rolling Stones and Bruce Springsteen. Below is just a quick glance of the company history.

MOJO Barriers is the original international supplier of aluminium stage barrier systems, providing an extensive range of products and services for live events including festivals, tours, corporate events, sporting and cultural occasions. The favorite among event organizers looking for a safe, sustainable and cost effective system, MOJO Barriers continual investment in research and development

results in proprietary event barriers and related products which are adaptable, reliable and proven to improve safety.

MOJO Barriers is skilled at working closely with clients to design and build bespoke event barrier configurations and layouts for each event to ensure optimum safety for guests, performers and crew. Offering an international network, MOJO Barriers has been the trusted global stage barrier supplier for over thirty years.

Starting in 2018, MOJO Rental is not only the world's exclusive rental partner for MOJO Barriers – MOJO Rental is the new big player in the event infrastructure industry.

# ABOUT TERRAPLAS®

# TERRAPLAS IS THE WORLD'S NO. 1 FOR TURF PROTECTION

Terraplas is the undisputed 'World Leader in Turf Protection'. Having pioneered the first protection system for quality stadium turf in 1991, Terraplas continues to lead the industry through continuous innovation in cutting edge design, production and material technology.

Only Terraplas' benchmarked engineered design delivers the ultimate protection from the devastating effects of thousands of fans walking, standing, dancing and jumping on top of the covered playing surface.

As a true protection system, Terraplas presents venues with the opportunity to be multi-use and maximize their revenue streams through hosting a wide range of events within a short time-frame, all while retaining a top-quality playing surface.

## FACTS ABOUT TERRAPLAS:

- Terraplas products are globally recognized as the finest quality turf protection systems available.
- The unparalleled proven longevity of Terraplas products demonstrates what makes them unbeatable
- Only Terraplas offers systems manufactured from truly translucent HDPE, which allows continuous photosynthesis, ensuring optimal turf health, strength & growth together with an industry-leading 30 year UV degradation guarantee.
- Terraplas' unique vertical camlock systems help to make the safest, most secure cover systems in the world.
